RESPONSE TO NOTICE TO COMPLY

Mail Stop Sequence
Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

This paper is submitted in response to the Notice to Comply dated 3/23/2010. The Notice to comply states that the application does not contain a Sequence Listing as required by 37 C.F.R. 1.821(c), and that a copy of the Sequence Listing in computer readable form has not been submitted as required by 37 C.F.R. 1.821 (e).

In response to the Notice to Comply, Applicants herewith submit a Substitute Sequence Listing in .txt format, which is being filed electronically. The electronic submission of the sequence listing satisfies the requirements for submitting a computer readable copy and a corresponding paper copy. The Substitute Sequence Listing differs from that filed in the parent application PCT/US2005/012270 by inclusion of the filing date and serial number of the present national phase application, and therefore does not contain any new matter.

In light of the foregoing, Applicants believe that the present response fully addresses the Notice to Comply. If a telephone conference would expedite the transfer of this case to the Examiner to begin prosecution of this application, the Office is invited to telephone the undersigned at (650) 846-7636.

The Commissioner is authorized to charge any fees that may be required in connection with this submission and to credit any overpayments to Deposit Account No. 07-1048 (Attorney Docket No. GC839-US).

Respectfully submitted,

Date: April 23, 2010
